Project Zero

By Amir Lazarovich
My background

- Born in Israel
- BA in Computer Science
- 4 years developing for mobiles
- 1 year playing with micro controllers
- 1st year graduate student at the Media Lab in Viral Spaces group
What are we trying to solve?

Ineffective brainstorming sessions

The first week of the brainstorming session went slowly.
One possible solution

A Brainstorming tool that suggests ideas based on the theme, party and in-context online sources by visualizing each idea through sketching.
Screen -- Quadcopter

Electronics
