Wiki Info: Slightly disheveled hair with some lift and texture. Think of it as polished bedhead—just doesn’t look like you just woke up, but there isn’t really comb lines in your hair either. “For a while now we were over-groomed, so it’s refreshing to see this kind of effortless hair again,” says Arne, a celebrity stylist whose clients include Elijah Wood, Darren Criss, and Michael Fassbender. “Just remember to keep your clothes matted, so the overall look isn’t messy.”

Deep Side Part

Category: Business Casual

Wiki Info: The side part hairstyle got its start in the early 1920s during a time when a man needed his hair to stay neat and tidy while putting on and removing his hat throughout the day. Back then you could see the look donned by such famous movie stars as Humphrey Bogart and Clark Gable. In fact, it's probably safe to assume that your grandparentsRoad the look at some point. It's a style that has been remembered throughout the decades and this one is no exception.
