

# Sense of Music

Constant peripheral musical score for setting tone and for surfacing ambient information.

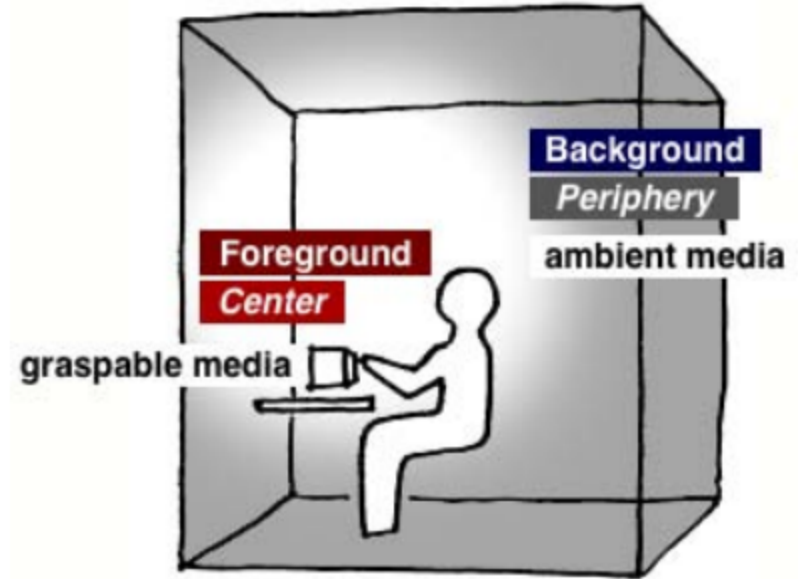

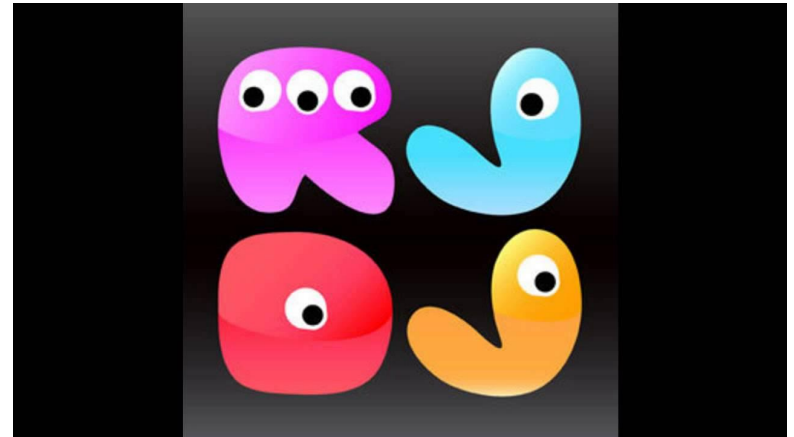

Figure 5. Center and periphery of user's attention within physical space.

# Existing Projects

ISL Augmented Sound  
(Believability)

RJDJ  
(Situational Awareness)

# Required Technology

- Accelerometer
- GPS
- Tune synths
- Headphones
- Network

# Applications

- Place Association
- Navigation in a new place
- Weather and situational awareness
- Other people, extended social awareness
- Shrinking world-scale distances
